

THE MARINA

Dunchurch Pools has been designed by the architects responsible for the Eden Project in Cornwall and the Padre Pio Cathedral in Italy, working in partnership with the landscape architects who created the most recent Wetland & Wildfowl Trust nature reserves.

Facilities include:

- Secure & tranquil moorings
- Wide full length fixed jetties in two sizes, 18m (59ft) and 22m (72ft)
- Superberths with dedicated jetty, patio area and parking space
- Relaxed navigation with generous boat manoeuvring space
- Electricity and water to each berth
- WiFi throughout the marina
- Car parking convenient to berths
- Marina office with reception 
- Diesel, gas, coal and wood 
- Pump out and elsan
- Domestic waste disposal and recycling
- Discreet security fencing with automated gates
- Superb walks in local countryside with network of public footpaths
